

AcciCAM is your trusted partner in accident case and management, providing insurers with a seamless, end-to-end solution for handling insured medical claims. From the moment an accident occurs, **AcciCAM** ensures victims receive immediate care while expertly managing all administrative and financial processes. With AcciSure's holistic approach, insurers can rest easy knowing every case is handled with precision, efficiency, and cost-effectively.

This service is ideal for **insurers** needing reliable case oversight and **industry professionals**, including **brokers** and **underwriters**, who want to enhance their accident recovery solutions.

HOW ACCICAM WORKS

1

Emergency Medical Dispatch

Rapid coordination and dispatch of emergency medical services to accident scenes.

2

Emergency Room and Hospital Admission

Seamless admission to appropriate medical facilities for immediate treatment.

3

Managing Benefits and Recoveries

Issuing guarantees of payment based on member benefits and managing treatment costs accordingly.

4

Account and Administration Management

Handling all medical account processes, vetting tariffs and procedures, collecting documentation, and facilitating recoveries from statutory bodies.

ACCICAM BENEFITS

Efficiency

Streamlined process from accident response to medical care and billing.

Cost Savings

Prevention of excessive medical expenses through expert account vetting and recovery of applicable costs from statutory bodies.

Professional

Our operations are meticulously organised, ensuring swift and efficient service that exceeds expectations.

Reliability

A trusted service managed by AcciSure's experienced team.
